

## **FPFHG PIONEER REGISTER**

### **Adopt-a-pioneer Researcher's Guidelines**

Thank you for volunteering to research a Pioneer to the Fleurieu Peninsula for our Pioneer Register.

The purpose of this research is to lay a foundation for people who are conducting their own family history research. It is intended that your research should provide the basic foundation detail on a **Family Group Sheet**. If you wish to have a **template** to type into please contact Kath Fisher who will email this to you. Do not be overly concerned if you find that some information cannot be found. Just do what you can. However, if you find yourself interested in your pioneer please feel free to continue your research as far as you would like. You can submit whatever you like as additional supporting information such as photos and copies of documents and newspaper articles. Your research will be filed in the **Register** and basic information in the **index**. The index is presently in card form only. However, it will be added to the online Pioneer Register database which is updated regularly.
